

Response to Public Notice

PS Docket No. 06-229

WT Docket No. 96-86

Contact: Patrick Smith

Garfield County Emergency Communications Authority
585 E 1st Street
Rifle, CO 81650

Call Sign: WQEJ754

File Number: 0002474671

- 1) 200 narrow band portable units operating in (764 – 775MHz range)
- 2) Area of operation is County wide : Garfield, CO (clarification – Area of operation for portable and transportable low power units only. High power mobiles in Garfield County do not apply).
- 3) 3 narrow band transportable interoperability base units operating in (794 - 805 MHz range)
- 4) No fixed base units apply. Transportable repeaters – used for “County wide emergencies” such as Wild Land Fires, or Tactical situations when needed. (clarification – transportable repeaters used to extend the range of low power portable radios. The geographic center point of use would be Garfield County, CO., not to exceed a 50 mile radius of that center point).
- 5) Contact information: Patrick Smith, Garfield County Emergency Communications Authority. Phone: 970-625-4737

All information above is true, complete, correct and made in good faith.
